**FOR IMMEDIATE RELEASE**

**myCUMortgage honors credit union partners for mortgage lending**

FAIRBORN, Ohio (February 2, 2010) – myCUMortgage® announced the winners of its annual awards for excellence in mortgage lending. The credit unions were recognized for outstanding results in helping members with home ownership for mortgage activity from July 1, 2008 to June 30, 2009.

Dynamic Federal Credit Union was named “Originator of the Year” in the small credit union category. This marks the third year in a row Dynamic has won the award. The \$16 million credit union located in Celina, Ohio, made 110 loans for more than \$11 million to its members, generating significant revenue for the credit union and providing a valued service to members.

DESCO Federal Credit Union was named “Originator of the Year” in the large credit union category for the highest number of closed mortgages. The \$229 million credit union located in Portsmouth, Ohio, has won this award three years in a row. DESCO closed 403 loans for more than \$40 million.

Bayer Heritage Federal Credit Union in Proctor, W.Va., and Clark County Indiana Teachers Federal Credit Union in Jeffersonville, Ind., were recognized for achieving the largest percentage increase for a myCUMortgage partner credit union. Bayer Heritage achieved a 600 percent growth in home loans while Clark County achieved a 220 percent increase in closed first mortgage loans with myCUMortgage.

Finally, Motorola Employees Credit Union in Schaumburg, Ill., and Kent Credit Union in Kent, Ohio, were recognized as new partners to myCUMortgage. Both credit unions joined myCUMortgage during the past year and led their respective asset groups in new loans. Motorola Employees Credit Union has \$698 million in assets and closed 355 loans for \$77 million. Kent Credit Union has \$37 million in assets and closed 15 loans for \$1.6 million.

“We congratulate these credit unions for making home ownership a significant part of their credit union’s efforts,” said Tim Mislansky, president of myCUMortgage. “These credit unions capitalized on lower market rates to make a difference in their members’ lives and save them each thousands of dollars over the life of their loan. At myCUMortgage, we’re proud to be associated with credit unions such as these and encourage more credit unions to make mortgage lending a key priority.”

myCUMortgage is a division of Wright-Patt Credit Union’s wholly-owned CUSO, Wright-Patt Financial Group, Ltd., and helps nearly 70 credit unions empower their members with home ownership. myCUMortgage offers a complete mortgage operation suitable for novice or experienced lenders. Together with the Prime Alliance Solutions, myCUMortgage creates a seamless mortgage experience for credit unions and their members.
